Comfort Sleep Solutions

Wicked Sheets is the comfort sleep solution for those whose sleep is disrupted by **night sweats** and **hot flashes**. Our bed sheets provide ultimate moisture control and superior cooling comfort to keep them drier and cooler throughout the night so they can get the sleep they need.

Features:

- Breathable
- Anti-microbial
- Wrinkle free
- Exquisite comfort

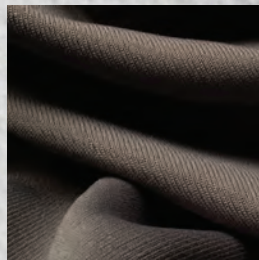

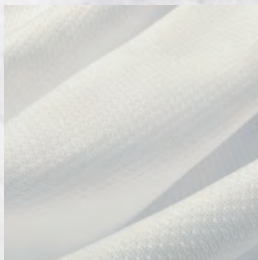

Products:

- Pillow cases
- Bed sheets
- Mattresses
- Little Sleepers™

Advanced Performance Fabrics

Moisture-Wicking: Our advanced fabrics are engineered to wick away and **absorb six times more moisture** than standard sheets and **dry four times faster**.

Cooling: Our cooling top sheet **remains two to three degrees cooler** than standard sheets while providing the same advanced moisture-wicking and absorption capabilities. The porous fabric allows **up to three times more air flow**, and a technical fiber cut prevents heat absorption from light sources.

Wicked Sheets are available in beige, white, and gray in all bed sizes.

Made in the USA
from imported, technical fabrics
